

In a nationwide survey, psychiatrists selected The Menninger Clinic as a top psychiatric hospital, ranking it **#5** on U.S. News & World Report's annual Best Hospitals list. [The Menninger Clinic](#) is a freestanding 501(c)(3) nonprofit psychiatry hospital. Since our founding in 1925, Menninger has treated almost every mental illness and substance use issue there is. We offer treatment at various levels including inpatient, outpatient, IOP, community integration and a mobile PACT.

We currently have full-time clinician roles open. Most of these roles are on-site at our main location. We have hybrid roles at our outpatient Bellaire location. We have a range of clinician roles depending on level of licensure. (LPC-A, LMSW, LPC, LCSW, LPC-S, and LCSW-S). An LMSW or LPC-A would be placed with a licensed supervisor.

Clinicians use the following skills:

- Family Work / Family or Couples Therapy, Group Psychotherapy, Individual Psychotherapy, Discharge and Aftercare Planning, Supervise and mentor staff and trainees in a professional and effective manner, and Engage in ongoing professional development through in-service training, workshops, grand rounds, professional committee involvement, and other educational activities
