

Thank you for your interest in the Part Time Counselor Position at The Salvation Army Adult Rehab Center 2118 Washington Avenue Houston TX 77007.

We are a Christian residential rehab program for 120 men that go through a 6 month program. They are in work Therapy all day long and have classes from 6-8pm nightly.

The counseling is done on Monday, Tuesday, Wednesday, and Friday from 4pm-8pm. The average hours per week are between 8 to 16, depending on how many days a person works.

In the evenings there are no female staff on duty however the program and resident staff are ever present and we have never had a problem with safety.

We are not a licensed facility so our program does not have to have licensed counselors. We tailor all that we do around the Christ Centered Program and the Bible.

If you are interested please send me your resume, and we will schedule an interview thereafter.
